Best Place to View the Race

As riders will be completing eight laps of each circuit, there is plenty of opportunity to find a corner to stand on or move around during the race to get a different perspective of what is happening. This will be best achieved on foot or via bike as parking on the roadside will be limited due to narrow roads.

Give yourself plenty of time to get back to the finish line at Victoria Square in Cambridge. During the last hour of the race, the stage will be livestreamed, with commentary on the big screen at Party in the Park. Food trucks, the Good George Pop Up Pub, Kids Fun Zone, live music and a heap more will be happening. An afternoon of fun for the whole family. For more information check out [Party in the Park](#)
